

RVCD

Volume Control Damper

Round Steel Balancing Damper

Construction	Standard
Frame Material	Galvanized steel
Frame Material Thickness	22GA Galvanized steel
Blade Material	Galvanized steel
Blade Material Thickness	20GA Galvanized steel
Axles	10mm Zinc plated steel stubs
Bearings	Heavy Duty molded acetel
Finish	Mill

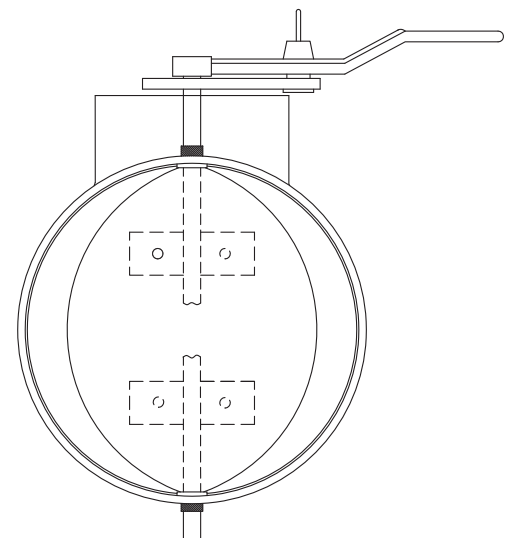

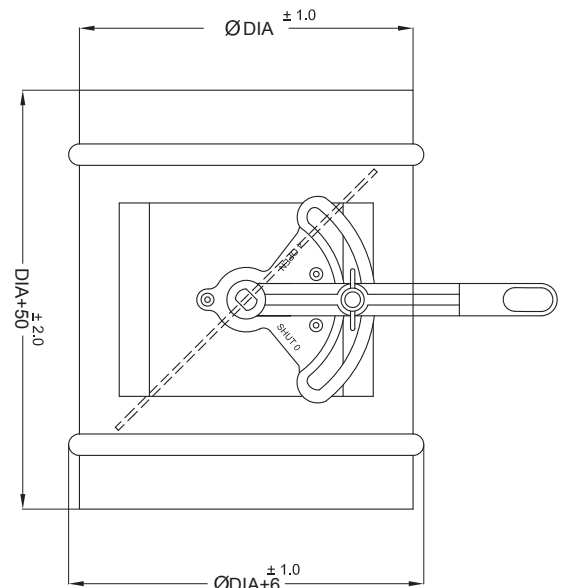

Options

- Frame & blade from 18GA / 20GA Galvanized steel or SS 304 / SS 316
- Actuators - Electric actuators 24V, 230V, 120V.
- Bearings - Stainless Steel / OIB

Min. Size (Dia)	Max. Size (Dia)
Inches (mm)	Inches (mm)
4" Dia (100mm)	46" Dia (1150mm)

Notes

- Dampers are available in 25mm increments only.

Performance Data

Pressure Drop rating are based on AMCA standard 500
